

Dear Friend - Here's what our 2010 Theme for Camp is all about:

This camp season I want to challenge you not to burn out, keep yourselves fueled and aflame. Love when it's tough to love and even when it requires tough love. Think deeply, zeal without knowledge leads to disaster. Be thoughtful to those who don't know the master. We should love them more than we love us. Master yourself. Overcome your fears and persevere your destiny. When you stumble, stay in the race, when you fall get back up. Never quit. Never surrender! And no matter come what may and it will - whether suffering, or trial, - even in the face of death, keep burning with the Spirit. Be TOTALLY RADICAL in your pursuit of God and He will give you hope when others fear, wisdom beyond your years, joy in the midst of tears, and you will be great among your peers.

PS - Video may have killed the radio star but your in my mind and in my heart. See you at camp - Dave Pafford
